

Coretouch

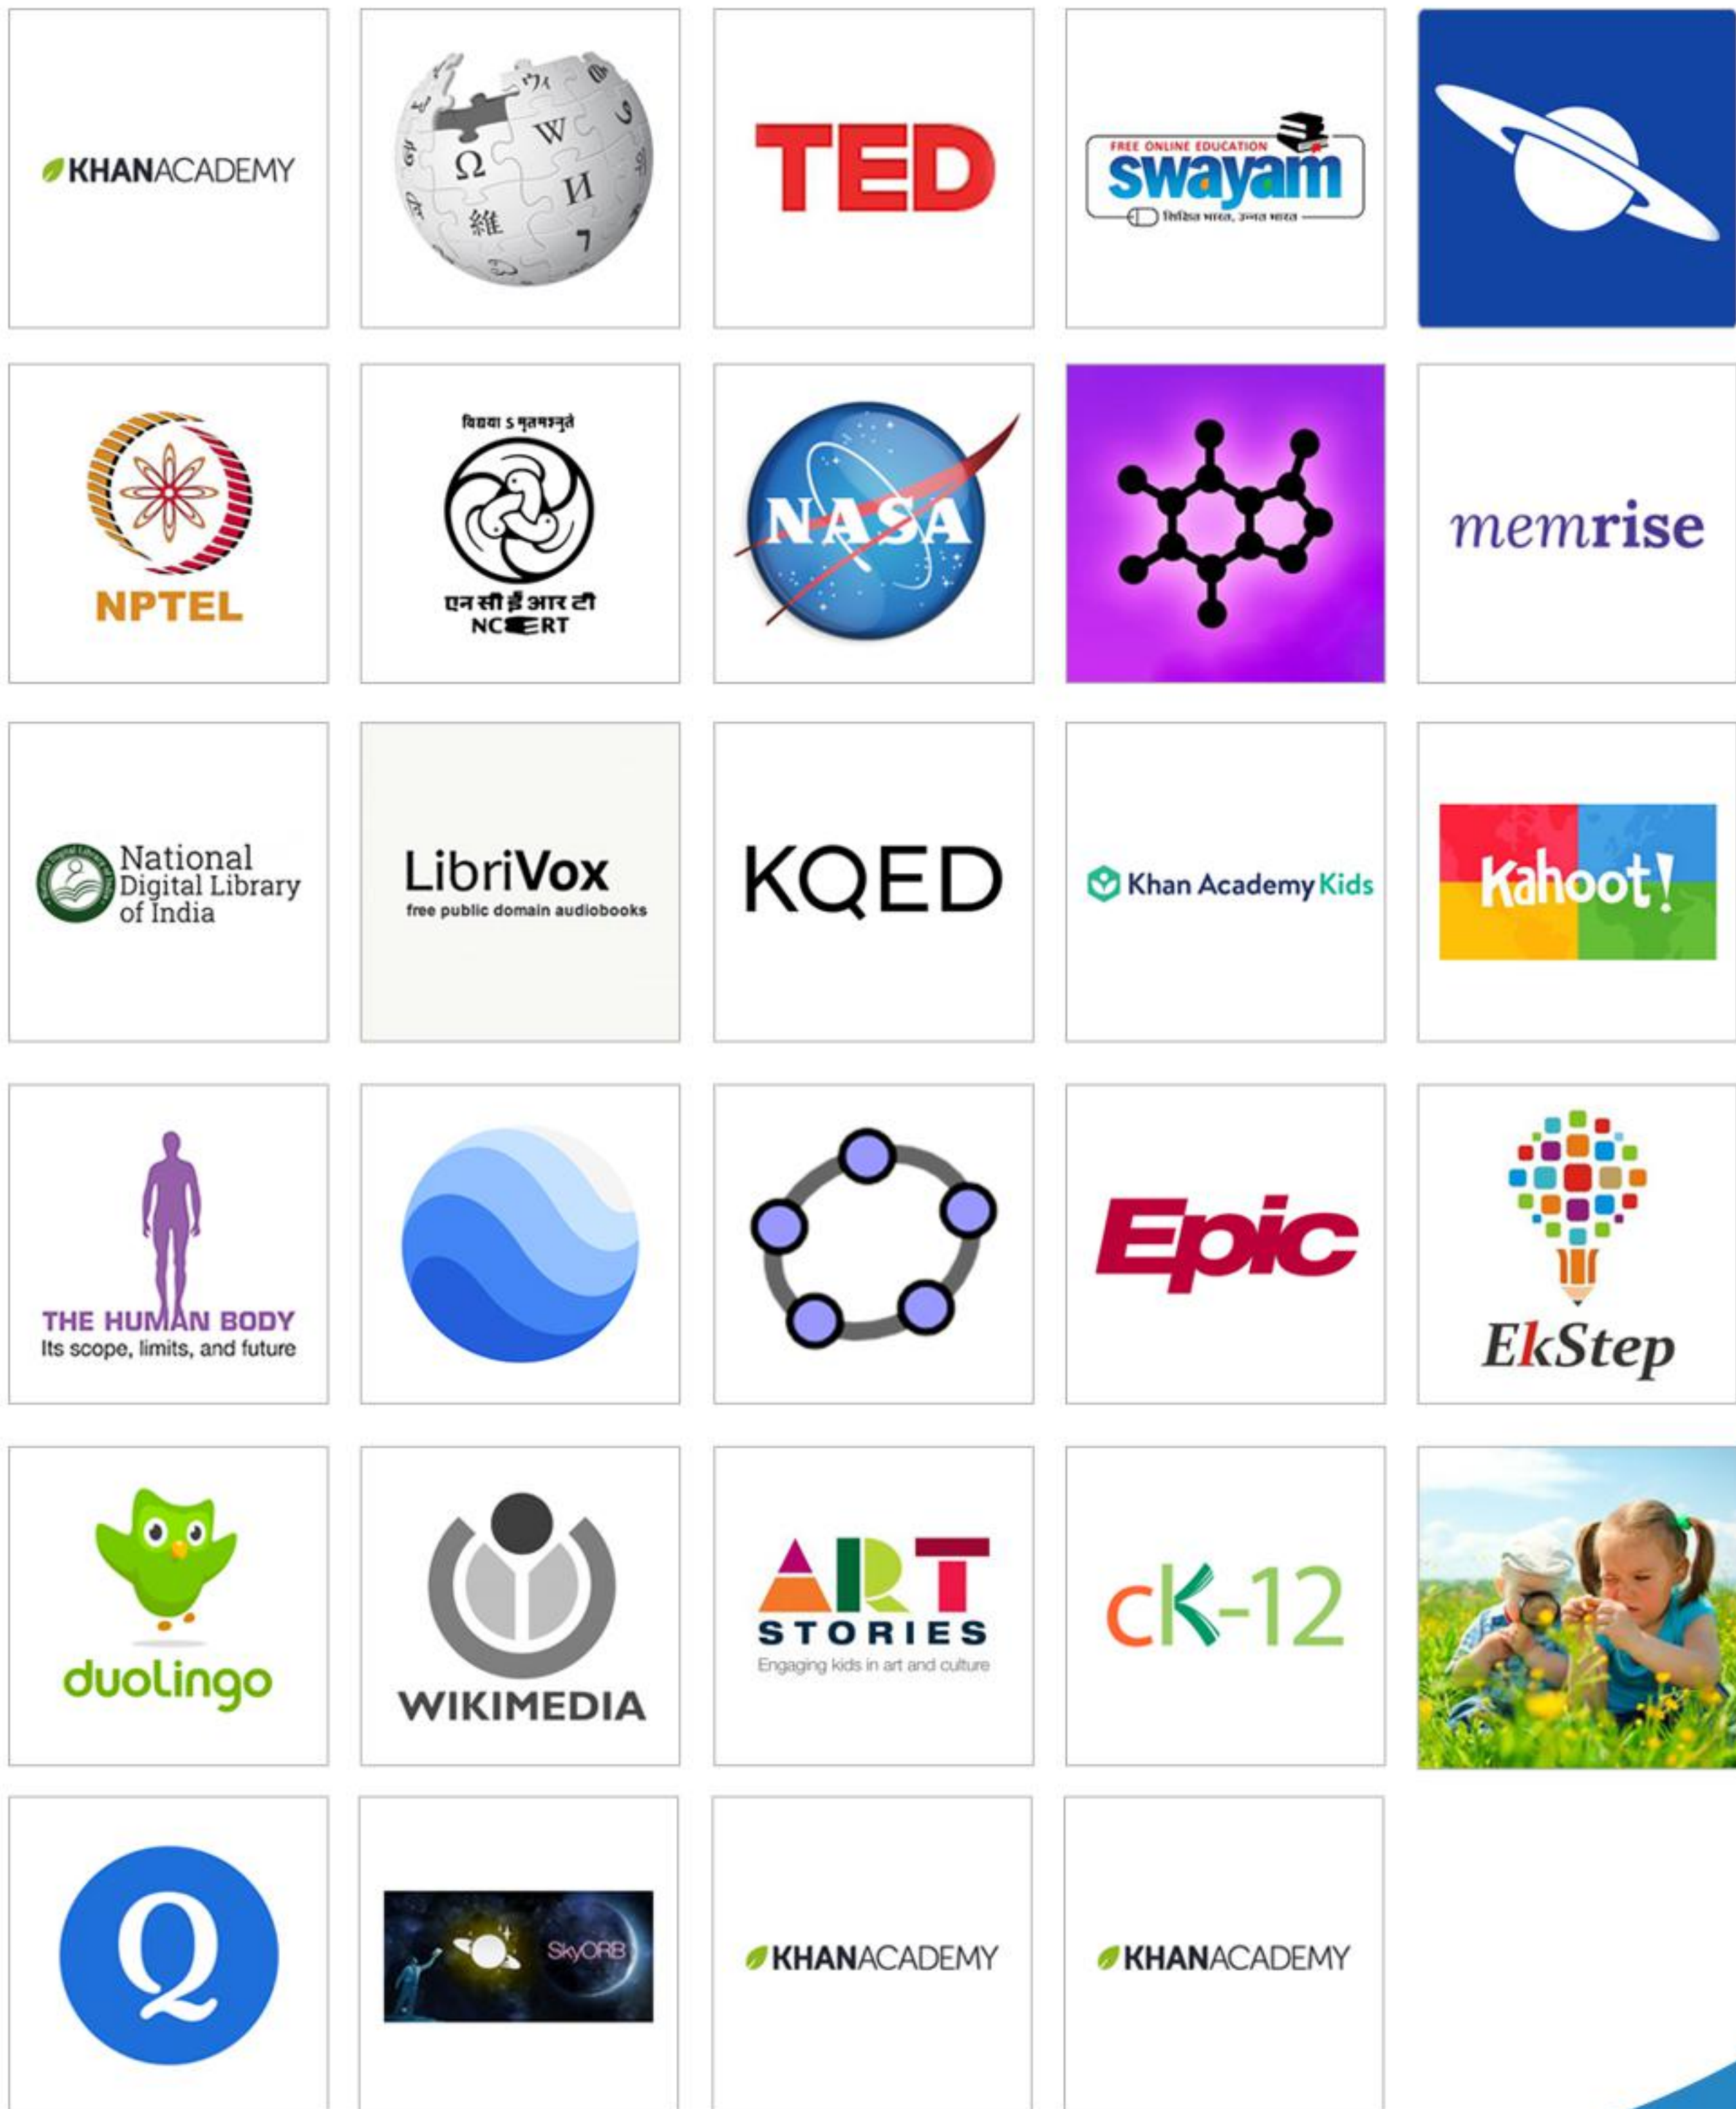

Core store

**Apps that help you put the power of technology to work.
All in one place**

Corestore is an educational app store from the stable of Coretouch, that lets you browse content from over 30 different apps brought to you from all over the world. We've collaborated with developers to collate a variety of apps that make it easy for you to guide students on how to learn rather than what to learn. You will find videos, audio files, interactive content, games, text documents, puzzles, worksheets, quizzes, etc. which you can use in your classroom without bothering to scout for teaching or learning tools.
